Register today!

Join IEEE Smart Village in-country energy entrepreneurs and volunteers for an insightful and inspiring 'free' webinar event.

Meet the passionate entrepreneurs incubated to launch sustainable and transformative micro-utilities in energy impoverished villages around the globe:

David Lansdale ~ *Beyond Chacay Foundation—the Galapagos*

Paras Loomba ~ *Global Himalayan Expedition—India*

Morgan Kaini ~ *Hogar CREA—Latin America, Honduras*

Monica LaBiche Brown ~ *Africa Development Promise—East Africa*

Rajan Kapour ~ *Sr. Vice President, IEEE Smart Village*

IEEE Smart Village provides a comprehensive solution combining renewable energy, community-based education, and entrepreneurial opportunities. IEEE Smart Village donors, like you, power those efforts. With an ambitious goal of impacting millions of people worldwide, learn how you can help.
